

# ERIC JAY CATAYAS

## Web Developer

## EXPERIENCE

### My Dream Visa (MDV)

Tampa, Florida, United States • Remote

#### Part-time Full Stack Developer

September 2024 - June 2025

- Integrated route-based locking logic using Vue.js to improve user experience
- Assisted in resolving user registration issues and bugs
- Developed and implemented a paywall system to restrict access for unsubscribed users
- Added support for maintenance mode across the front-end, back-end server, and admin panel

#### Full Stack Development 500 hrs. Internship

June 2024 - October 2024

- Designed and developed user-friendly and reusable UI/UX components using Vue.js
- Implemented Live-chat and Customer support interface
- Implemented dynamic, auto-filling input fields to enhance the user experience
- Debugged and refactored front-end code to ensure a clean and maintainable codebase

## PROJECTS

### Virtubooks

Virtubooks provides a virtual notebook experience to make digital note taking and writing more engaging and interactive. Developed a custom theme using WordPress.
